## MEMBERSHIP TYPES

The club has two types of membership: "Active" and "Associate". To be considered for Active membership, the application requires two reference letters from current Active members. Those letters may be included with this application, sent directly to the club secretary at the address noted at the bottom of this form, or may be e-mailed to [secretary@vscca.org](mailto:secretary@vscca.org).

Relative to Associate members, Active members have additional rights within the club related to voting on club operational matters and access to the club roster of members. Both membership types may participate in club activities. An Associate membership may be updated to Active membership at any time by providing the required reference letters to the club secretary or membership committee.

To apply for Active Membership, provide the names of the applicants two references below and include the appropriate reference letters or request that the referring members forward the reference letters to the club secretary.

The letters should state their reasons for recommending the applicant for Active membership. If the application is an immediate family member (parent, child, spouse or sibling) of an Active member, only one reference letter, from the family member, is required.
